Campus of  
ETSU**

**WHY ATTEND THE LINDSEY DEVINE VOLLEYBALL CAMP ON THE EAST TENNESSEE STATE UNIVERSITY CAMPUS?**

*Camp Director & Head Coach  
Lindsey Devine*

Under the leadership of Head Lindsey Devine, ETSU has developed into a premier volleyball program. Devine is ETSU's all-time winning coach and has guided the Bucs to Atlantic Sun Champions in 2006 and 2013, and 2012 NCAA Tournament Participant. Coach Devine has also made her mark on the World stage as the assistant coach for USA's Youth National Team. In the past 3 summers, she has helped guide the Youth National team to 1 gold and 2 silver medals. As Camp Director, she brings her expertise and experience directly to you.

**OUR STAFF**

In addition to ETSU volleyball personnel, we bring in experienced collegiate, club, and high school coaches. The ratio of campers to coaches is about 10:1. This small ratio allows us to operate at high levels for one-on-one training, instruction, and attention.

All of our demonstrations are performed by the ETSU volleyball team. Campers receive an up-close look at elite college volleyball through Q&A sessions with our student-athletes. Interacting with our team is always a camper favorite!

At our team camps, we provide you with two coaches per team. It provides your players with the best possible combination of training and interaction. In addition, all high school coaches will have the opportunity to tour the ETSU Olympic Training Center and take part in the Strength and Conditioning Workshop. This workshop will provide valuable hands on information to help train and enhance the performance of your team.

**OUR SERVICE**

At the Lindsey Devine Volleyball Camps, we welcome volleyball players of all skill levels. We strive to continuously improve competition and the volleyball community in the Southeast. Our skilled staff is able to group campers together in a way that optimizes the learning curve for each individual. From skill improvement to confidence building, your time at the Lindsey Devine Volleyball Camps will be a rewarding experience.

**FACILITIES**

All practice and instructional or scrimmage sessions will be held in the athletic facilities on ETSU's campus, which are all within 5 minutes walking distance. All facilities are air conditioned, including Brooks Gym, which was recently renovated in the summer of 2011.

**MEALS**

Campers will be treated to meals in the newly renovated Culp Center Dining Facility.

**HOUSING**

Campers will stay in the brand-new, state-of-the-art university dormitories (2 per room). The dormitories are conveniently located next to the dining hall and athletic facilities. Bedding and towels are not supplied, so all campers must bring their own linens.

**SUPERVISION**

All campers will be properly supervised throughout the volleyball camp. Campers are expected to abide by The Lindsey Devine Volleyball Camp rules. Team camp will be supervised by head coach or chaperone attending along with the camp staff.
